You are about to purchase a product that is not simple and may be difficult to understand.

WHAT IS THIS PRODUCT?

► TYPE

This product is a certificate, a transferable debt instrument.

► OBJECTIVES

The objective of this product is to provide you with a return based on the performance of underlying shares (each share, an Underlying). This product has a fixed term and will redeem on the Redemption Date unless redeemed early in accordance with the Automatic Early Redemption provisions below. The product may also pay coupon under predefined conditions in accordance with the Coupon provisions below.

Unless the product has been redeemed early, the following provisions would apply. On the Redemption Date you will receive in respect of each certificate, in addition to any final payment of a coupon:

1. If a ~~Final~~ Barrier Event has not occurred: a payment in cash equal to the Notional Amount.
2. If a Final Barrier Event has occurred: a payment in cash equal to the Notional Amount decreased by the Performance of the Worst-Performing Underlying. In this case you will suffer a partial or total loss of the Notional Amount.

Coupon: A conditional coupon is due for payment at the relevant Conditional Coupon Rate each time the following condition (Coupon Condition) is met: if, on a

Coupon Valuation Date, the closing price of each underlying is greater than or equal to the relevant Conditional Coupon Barrier. Otherwise, the coupon is missed but not lost definitely. All missed coupons will accumulate and become payable only if the Coupon Condition is subsequently satisfied.

Automatic Early Redemption: If, on any Autocall Valuation Date, at least one of the following applies:

- if the ~~closing price~~ **Reference Price** of ~~each the Underlying Share~~ has never been below the Express Barrier on any Scheduled Trading Day during the Express Autocall Period, ~~or~~
- ~~the closing price of each underlying is greater than or equal to the relevant Autocall Barrier on the corresponding Autocall Valuation Date,~~

the product will be redeemed on the corresponding Early Redemption Date. You will receive for each certificate a payment in cash equal to the Notional Amount ~~at~~.

Where:

- A Barrier Event shall be deemed to occur if the Final Reference Price of at least one Underlying is ~~at or~~ below the Barrier.
- The Performance of an Underlying is the difference between its Final Reference Price and its Initial Reference Price, divided by its Initial Reference Price, expressed in absolute value.
- The Worst-Performing Underlying is the Underlying that shows the lowest Final Reference Price when divided by its Initial Reference Price.
- The Initial Reference Price of an Underlying is the closing price of that Underlying on the Strike Date.
- The Final Reference Price of an Underlying is the closing price of that Underlying on the Redemption Valuation Date.

The product terms provide that if certain exceptional events occur (1) adjustments may be made to the product and/or (2) the Issuer of the product may terminate the product early. These events are specified in the product terms and principally relate to the Underlying(s), the product and the Issuer of the product. The return (if any) you receive on such early termination is likely to be different from the scenarios described above and may be less than the amount you invested.

All redemptions described in this document (including potential gains) are calculated on the basis of the Notional Amount, excluding costs, social contributions and taxation applicable to this type of investment.

► INTENDED RETAIL INVESTOR

This product has been designed for retail investors who:

- maj? krótki horyzont inwestycyjny (krótszy ni? trzy lata).
- seek to invest in an income paying product, potentially to diversify their portfolio.
- are able to bear losses up to the total of the Notional Amount and are aware of the possible early termination of the product.
- have been informed or have sufficient knowledge of the financial markets, their functioning and their risks, and the asset class of the underlying.

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

► RISK INDICATOR

The summary risk indicator (SRI) is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 7 out of 7, which is najwy?sza risk class.

This rates the potential losses from future performance at a bardzo du?e level, and poor market conditions najprawdopodobniej nie wp?yn? impact our capacity to pay you.

You will receive payments in the product's currency, which may be different from your domestic currency. In this case, **be aware of currency risk**. The final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

For detailed information about all risks please refer to the risk sections of the legal documentation as specified in the section 'Other relevant information' below.

	Average return each year	-100.0%	-100.0%
Favourable scenario	What you might get back after costs	PLN 0.0	PLN 0.0
	Average return each year	-100.0%	-100.0%

This table shows the money you could get back over the next 2 lat / 6 miesiecy under different scenarios, assuming that you invest PLN 10,000.

The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products.

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the product.

The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

WHAT HAPPENS IF BNP PARIBAS S.A. IS UNABLE TO PAY OUT?

Should the Issuer default or file for bankruptcy, you have the right to seek payment from the Guarantor pursuant to an unconditional and irrevocable guarantee of any amount due. Should the Guarantor also default or file for bankruptcy, you may suffer a loss up to the total amount invested.

The product is not covered by any statutory investor compensation or guarantee scheme.

Investors should note that BNP Paribas, acting as Guarantor, is licensed as a credit institution in France and as such is subject to the resolution regime introduced by the EU Bank Recovery and Resolution Directive of 15 May 2014. This regulation, among others, gives resolution authorities the power to amend the key terms of the guarantee, to reduce the amounts payable by the Guarantor under the terms of the guarantee (including a possible reduction to zero) and to convert the amounts due under the guarantee into shares or other securities or other obligations of the Guarantor. Investors may not be able to recover all or even part of the amount due under the product (if any) from the Guarantor under the guarantee or may receive a different security issued by the Guarantor in place of the amount (if any) due to the Investors under the product by the Issuer, which may be worth significantly less than the amount due to investors under the product at maturity.

WHAT ARE THE COSTS?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for dwa różne okresy posiadania. They include potential early exit penalties. The figures assume you invest PLN 10,000. The figures are estimates and may change in the future.

► COSTS OVER TIME

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.
